A fresh e book with a brand new point of view. It is definitely simplistic but surprises in the fifty percent of your ebook. Its been designed in an extremely basic way and is particularly just soon after i finished reading this ebook where in fact altered me, change the way i really believe.

Her mum's working long hours setting up her gardening business and her dad isn't pulling his weight around the house, so they're arguing all the time. Her big sister, Primrose, is stressed about her exams and taking it out on everyone else including her lovely boyfriend Matt. Peony's Gran tells her you can choose your friends but not your family; as you can't have the family you want, you have to learn to want the family you've got. 'Not possible!' thinks Peony. But Gran is sure she'll think of something. As most of Gran's ideas go horribly wrong, Peony knows there will be even more trouble ahead.
