Book Condition: New. Publisher/Verlag: Springer, Berlin | Liver surgery has made extraordinary progress over the past 40 years, evolving from the first, timid partial resections in the 1950s to today's major resections and organ transplants. Examining the reasons for this progress, one cannot but be impressed by the substantial role that has been played by radiology. Formerly, preoperative planning was based on only nebulous scintigraphic scans. Today, surgeons have at their disposal a wide variety of radiological modalities for diagnosis and topography which are precise enough to exclude most operative surprises. Furthermore, the radiologist is becoming increasingly involved in therapy: prior to operation for tumor reduction by embolization and after resection for treatment of local complications - which could otherwise necessitate difficult and occasionally dangerous reoperations. As the author writes in his preface, it is not really astonishing that a radiologist is publishing a book on this topic, and he must be congratulated for his work-up, which combines important personal experience with a complete analysis of published papers on this topic. | 1 Anatomy of the Liver.- 1.1 Hepatic Veins.- 1.2 Portal Vein.- 1.3 Hepatic Arteries.- 1.4 Biliary Ducts.- 1.5 Lymphatic Drainage.- 2 Malignant Liver Lesions: Pathology.- 2.1 Hepatocellular Carcinoma.- 2.1.1 Epidemiology.- 2.1.2 Pathology.- 2.2 Hepatoblastoma.- 2.3 Cholangiocarcinoma.- 2.4 Mesenchymal Tumors.- 2.4.1 Angiosarcoma (Hemangioendothelioma).- 2.4.2 Other Mesenchymal Tumors.- 2.5 Metastases.- 3 Diagnosis and Staging of Malignant Liver Disease.- 3.1 Clinical Aspects.- 3.1.1 Hepatocellular Carcinomas.- 3.1.2 Metastases.- 3.2 Biochemical Tests.- 3.3 Techniques in Imaging Malignant Liver Disease.- 3.3.1 Plain Film.- 3.3.2 Ultrasound.- 3.3.3 Computed Tomography.- 3.3.4 Magnetic Resonance.- 3.3.5 Angiography.- 3.3.6 Nuclear Medicine.- 3.4 Imaging Malignant Focal Liver Lesions.- 3.4.1 Hepatocellular Carcinoma.- 3.4.2 Liver Metastases.- 3.4.3 Cholangiocarcinoma.- 3.4.4 Lymphoma.- 3.4.5 Fatty Infiltration.- 3.5 Percutaneous Liver Biopsy.- 3.5.1 Biopsy of Malignant Liver Lesions.- 3.5.2 Biopsy of Liver...
